Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1: line 5, the phrase "the adjustment ring" has no antecedent basis; and line 7, the phrase "said adjustment ring" has no antecedent basis; and line 9, "the said adjustment **grooves**" has no antecedent basis. Further, it is not certain which part of the drawings corresponds to the guidance groove recited in the claim. This antecedent problem and the disconnection between the drawings and the claim create a confusion in the claim.

In claim 2: line 5, it is not clear whether the phrase "a set adjustment groove" recited relates to the at least one Twist Up adjustment groove in any way. If "a set" in the phrase is replaced with – the --, the recitation is understood. Similarly, on line 6, if "set" is replaced with – adjustment --, lines 1-8 are understood. Lines 10-16 are not understood, and it is suggested as follows (although it is not sure that's the way it was intended by Applicants): line 12, "a set groove direction." should perhaps be changed to – a direction of said adjustment groove; --; and lines 15 and 16, "a direction of the set movement groove" should be replaced with – the direction of the adjustment groove --,

otherwise "the set movement groove" has no antecedent basis. Finally, line 10, "A" should be – a --; and line 13, "The" should be – the --.

Claims 3-12, depending from the respective rejected claims 1 and 2, inherit the indefiniteness thereof.

Remark: Due to the confusing nature of the above claims 1 and 2 language, rejection(s) on art, if any, cannot be conducted at this time, pending clarification from Applicants.
